

COMPETITION TIME

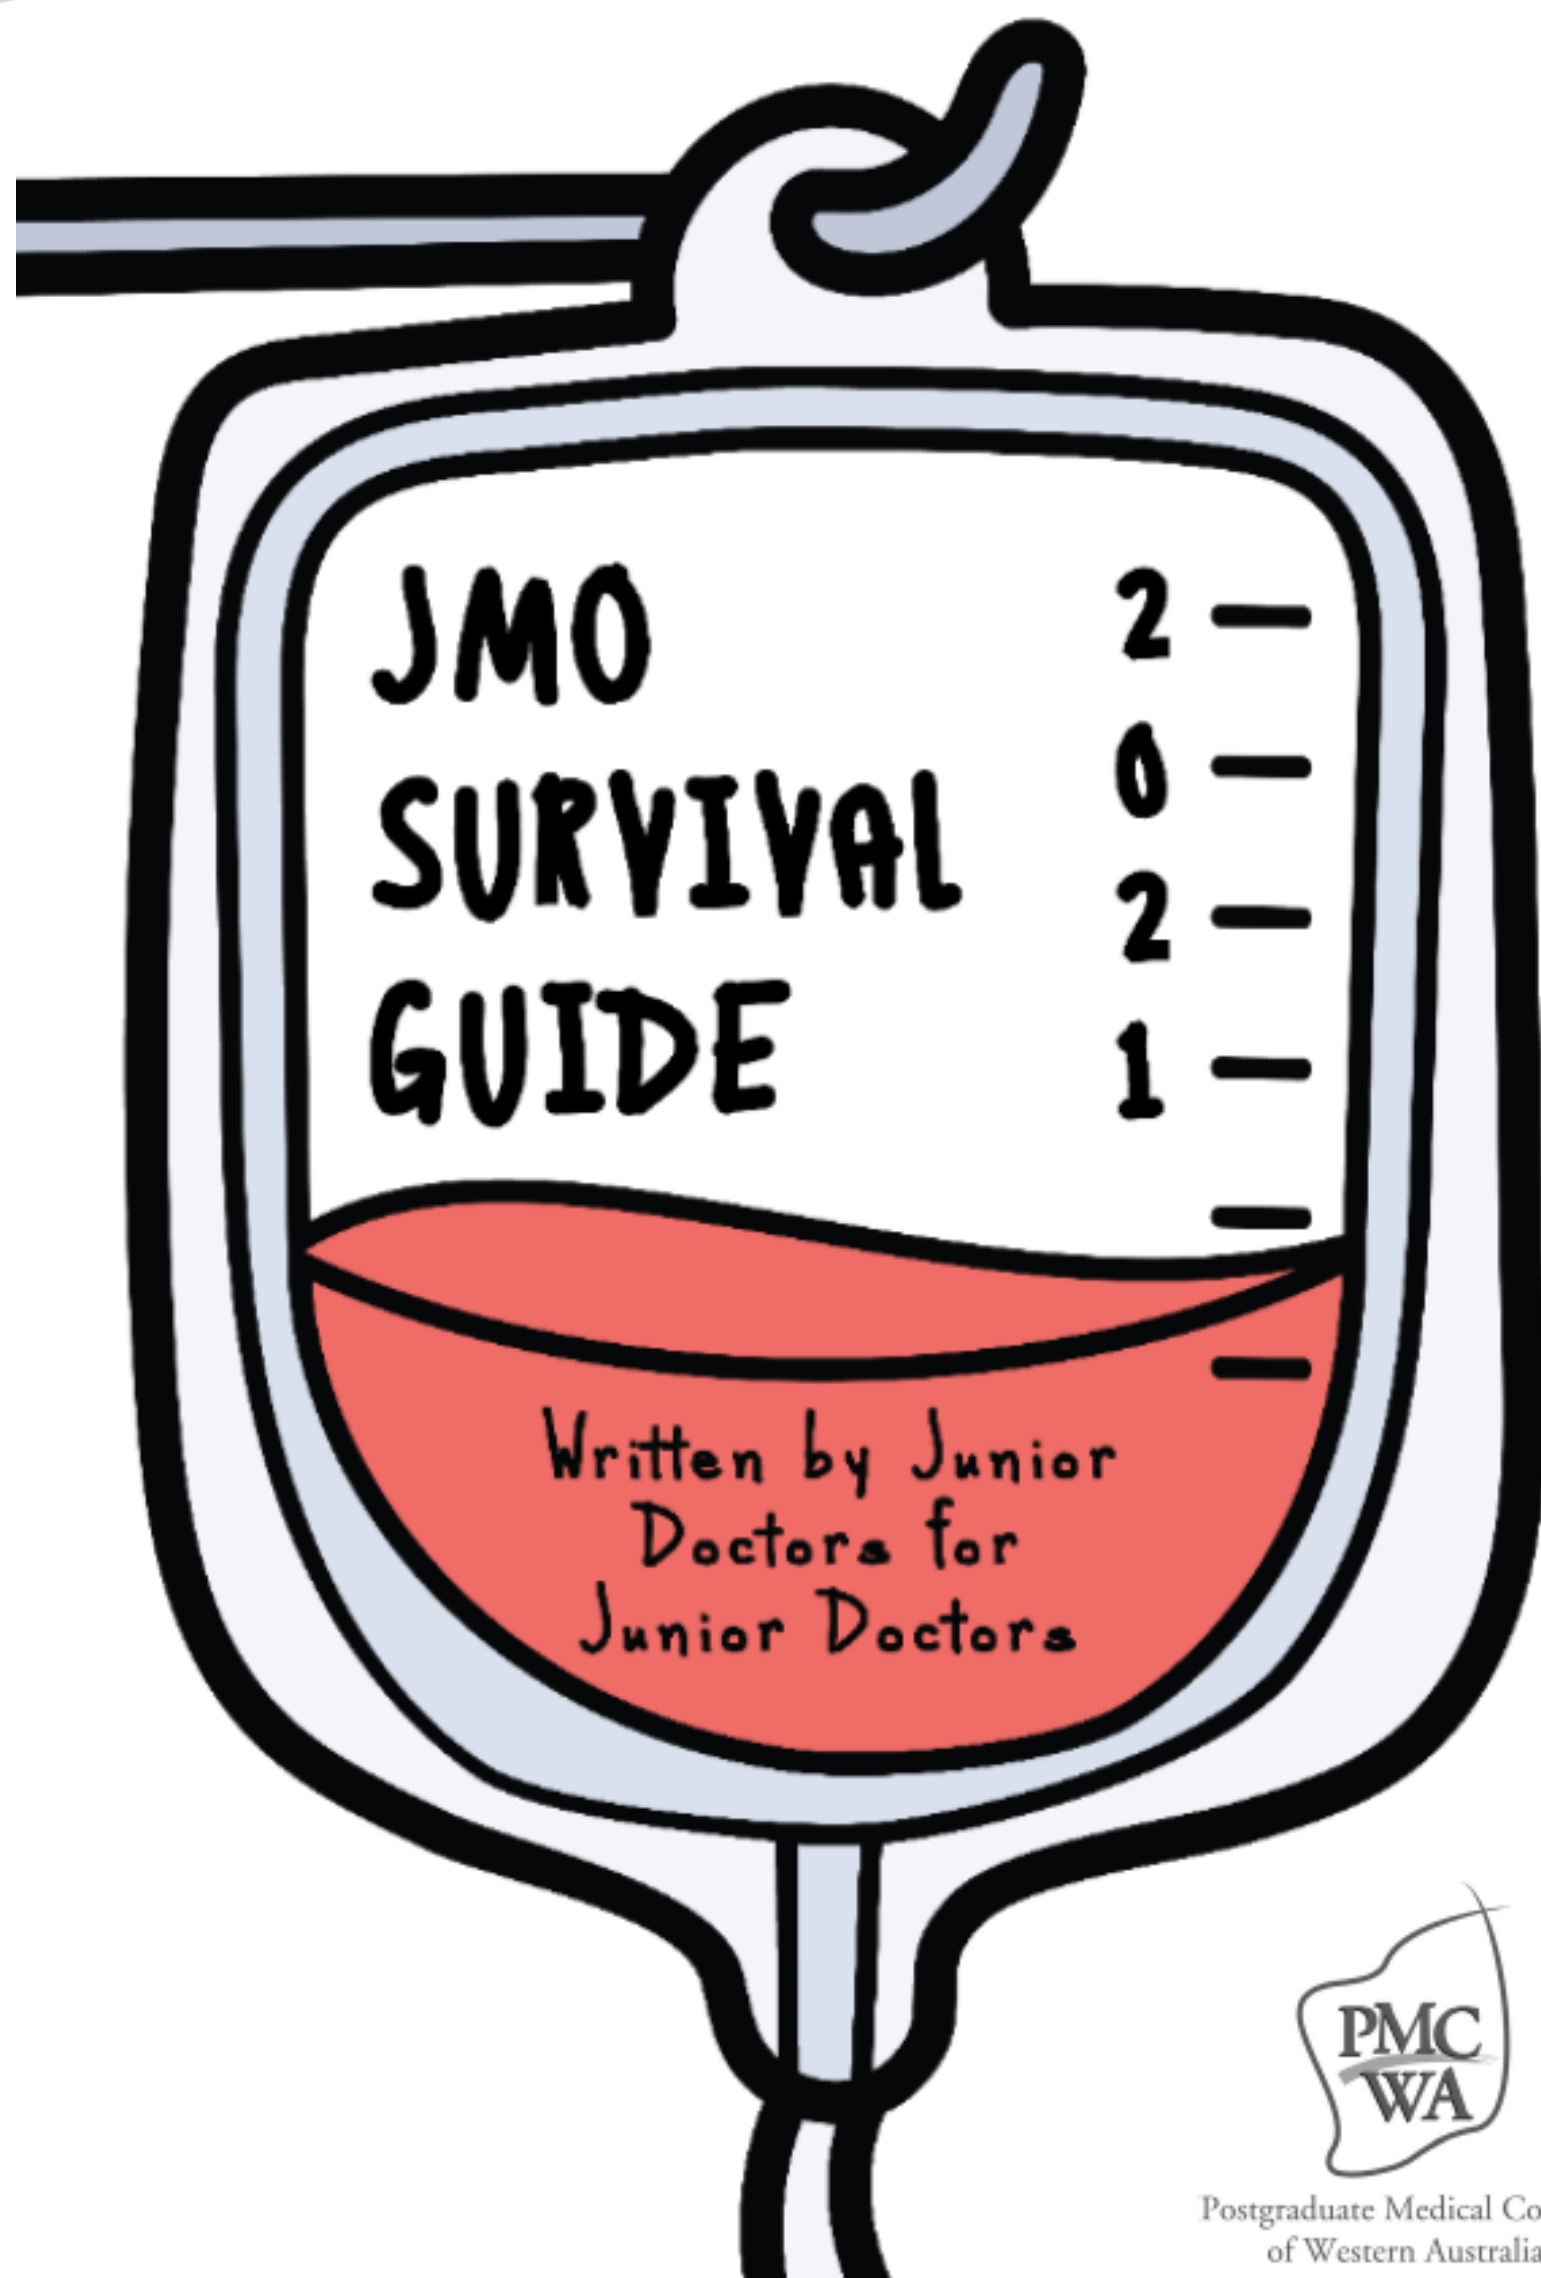

Do you have a hidden creative side?

The JMO Survival Guide and PDL guide are both publications created by the JMO Forum each year to orientate junior doctors to WA Health, and provide them with professional development opportunities.

The 2021 cover featured artwork by Dr Alex Au Yong (featured right). PMCWA are searching for another talented doctor to feature their creative work on the cover of the 2022 JMO guide and PDL guide.

All submissions should fit the theme "JMO life" and must be original. In addition to featuring on the cover, the winner will receive a certificate and acknowledgment in both guides. This can also be a wonderful supplement to your CV.

Email your photograph, cartoon, illustration or graphic design to PMCWA.JMOF@health.wa.gov.au no later than 5pm on Friday 1 October 2021.
